**The World's First Mega Nutraceutical Expo
of India is Here — And It's Powered by India!**

BHARAT NUTRAVERSE EXPO 2025

India stands at the cusp of a nutraceutical gold rush, emerging as a global powerhouse in science-driven innovation, robust formulations, and scalable technological excellence. With the industry ambitiously targeting a \$100 billion milestone, India is ready to lead the world as the trusted hub of responsible nutraceuticals.

At the forefront of this movement, **SHEFEXIL** — the oldest institutional guardian of India's nutraceutical industry, under the Ministry of Commerce — proudly announces a game-changing global platform:

BHARAT NUTRAVERSE EXPO 2025

September 4–6, 2025 | Bharat Mandapam, New Delhi

A flagship initiative under the Bharat Global Health Expo 2025

For the first time, the entire global nutraceutical ecosystem will converge in India:

- Ingredient and formulation innovators
- Health-tech pioneers
- Regulatory experts
- Global buyers and wellness brands

This is not just an exhibition — it's a collaborative gateway into the future of nutrition, health, and commerce.

Supported by NutriflyToday, with its NutriflyToday AI and the Nutrifly C-Suite platform, the Expo will be enriched with cutting-edge insights, curated intelligence, and powerful business connections — ensuring a high-impact experience that fosters value-driven, global nutraceutical partnerships.

This is more than an expo. It's the dawn of Bharat's Nutraverse. We invite stakeholders from every corner of the globe to co-create, innovate, and elevate the future of health together.

Write to us on how YOU envision the next era of nutraceutical leadership.
